Plastic Seal

170MM Versatile Pull-Tight Plastic Security Seal With Tear-off

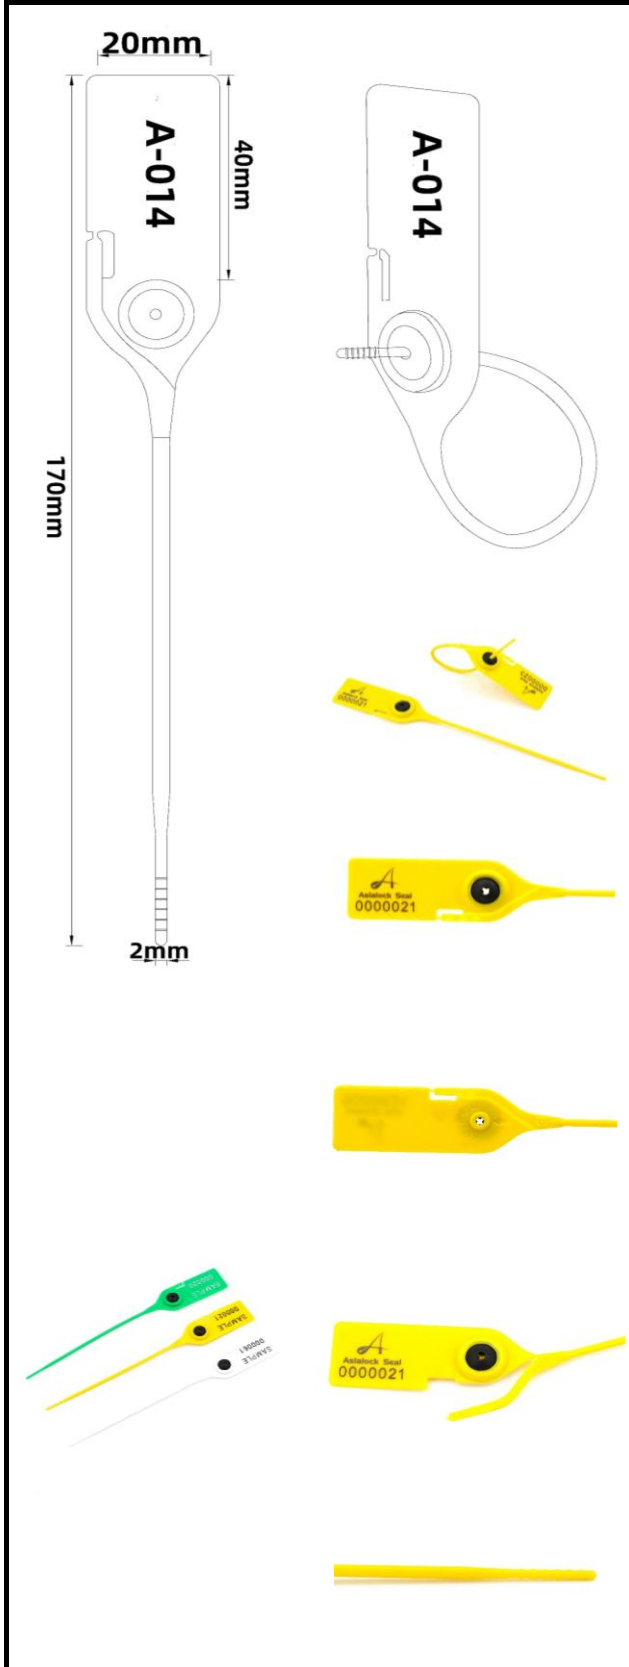

Available as...

STANDARD ITEM FROM STOCK:

Pre-Printed / Pre-Numbered

CUSTOM ORDERED ITEM

Printed, Numbered, All Colors, Bar/QR Code

DESCRIPTION:

The seal is a relatively strong seal despite its small dimensions. This is partly due to the metal locking mechanism, which secures the seal. The seals are available in Polypropylene which make it stronger and with better pull strength.

The seals are easy to use for all applications with small sealing facilities e.g. cassettes for ATM machines and money boxes on which the seals are widely utilised.

A-015 is the series of A-014, without tear-off
